Joined Global Covenant of Mayors Initiative

LEADING ECONOMIC SECTORS IN BODRUM

Maritime Industry

Tourism

Agriculture

MOBILITY PATTERNS:

ENERGY PRODUCTION

MAIN SOURCES OF ENERGY GENERATED

SOLAR POWER

WIND ENERGY

Bodrum's mobility patterns show a mix of local and tourist-driven demands within a compact, coastal setting. Private vehicles and minibuses dominate, causing congestion, especially in summer. Limited public transit and narrow streets add to traffic challenges, though pedestrian zones and cycling are being promoted to ease congestion.

Key Interesting Factors

- Tourism
- Real Estate
- Maritime Industry

KEY AREAS FOR COOPERATION

- Renewable Energy
- Sustainable Transportation
- Sustainable Tourism

TOPICS OF INTEREST:

- Business Models and Financing Schemes:
- Financing Sustainability Projects

Bodrum Municipality signed the Covenant of Mayors in 2020 and is preparing its Sustainable Energy and Climate Action Plan (SECAP) to enhance energy efficiency and reduce emissions

Commitment to Sustainable Development and Innovative Solutions

COLLABORATION

- COORDINATING W/ LOCAL STAKEHOLDERS
- COORDINATION W/ INTERNATIONAL PARTNERS
- NATIONAL GOVERNMENT

Bodrum is implementing various projects in line with sustainable development goals. The 15-Minute Cities Project aims to improve quality of life through bicycle and pedestrian infrastructure. Through MedCities and Prima Front Ag Nexus projects, environmentally friendly practices and climate-friendly agricultural methods are being developed. Additionally, innovative solutions like solar energy systems and "Climate Banks" are being introduced to combat climate change.

Bodrum is committed to protecting the well-being of its people and building a green future through various sustainability projects. Urban planning is guided by sustainability principles, while smart waste collection, improved recycling, and pedestrian-focused transport solutions support a cleaner, healthier, and more livable city.

POTENCIAL AREAS

- WASTE MANAGEMENT
- ECO-FRIENDLY TRANSPORTATION

Implementation of Sustainable Projects

Just in 15-Minutes Project (2024)

Climate Bench (2023)
