## LEADING ECONOMIC SECTORS IN ERZURUM

Agriculture

Husbandry

Service

### MOBILITY PATTERNS:

### ENERGY PRODUCTION

### MAIN SOURCES OF ENERGY GENERATED

NATURAL GAS

HYDROELECTRIC ENERGY

In Erzurum, although many commuters use buses, private vehicles are still the primary mode of transport, causing congestion during peak times. To address this, the municipality is improving public transportation and increasing bus frequency to support more sustainable travel options.

#### Key Interesting Factors

Hydroelectric Energy

Winter Tourism

#### KEY AREAS FOR COOPERATION

Sustainable Agriculture

Sustainable Tourism

Protecting Environment

#### TOPICS OF INTEREST:

Business Models and Financing Schemes:

Financing Sustainability Projects

Erzurum Municipality signed the Covenant of Mayors in 2022 and its Sustainable Energy and Climate Action Plan (SECAP) was approved by the municipal council in 2025, with monitoring activities now underway.

## Commitment to Sustainable Development and Innovative Solutions

### COLLABORATION

- COORDINATING W/ LOCAL STAKEHOLDERS
- COORDINATION W/ INTERNATIONAL PARTNERS
- NATIONAL GOVERNMENT

Erzurum is dedicated to sustainable development, with efforts focused on reducing environmental impact and enhancing energy efficiency. The city has implemented a Sustainable Energy and Climate Action Plan, crafted with community input, targeting emissions reduction and renewable energy expansion. These initiatives aim to support a greener, climate-resilient future for Erzurum

Erzurum Metropolitan Municipality is advancing sustainability through key initiatives such as the Zero Waste Project and the Climate Action Plan. The Zero Waste Project promotes efficient waste separation, recycling, and reduction at the source, contributing to a cleaner and more environmentally conscious city. Complementing this, the Climate Action Plan outlines strategic measures to reduce greenhouse gas emissions, enhance energy efficiency, and increase climate resilience across urban systems.

### POTENCIAL AREAS

- ECO-TRANSPOR
- SOLAR ENERGY
- WASTE MANAGEMENT

## Implementation of Sustainable Projects

Climate Action Plan

Zero Waste Project
